

Harborough District Children
& Young People's Charity
Reg. Charity No. 1202997

Local Business Partnership Proposal

Our Mission

We create safe, supportive environments where young people can grow, develop essential life skills, and build positive relationships with trusted adults.

The Young Carers Project

The group gives the young people time away from their caring responsibilities, and an opportunity to build friendships with other young people who have similar experiences, in a safe, supportive and fun environment, whilst also offering the young people support from our trained youth workers.

Mentoring Project

This project supports the most vulnerable children and young people's emotional wellbeing through one-to-one mentoring.

The Travelling Forward Project

Specialist play and youth work provision for local children and young people from permanent Gypsy and Traveller communities. We work on three sites and in local schools with children and young people aged 5 to 16 years and their families. It provides the young people with an opportunity to engage in informal education in a way that is culturally appropriate and relevant to them.

- Be part of a visible, grassroots impact in your local area.
- Show your customers and community that you care about children and young people.
- Offer your staff meaningful ways to engage through fundraising.
- Receive local publicity and recognition as a valued community partner.

What We Can Offer You

- Promotion on our social media, websites and community newsletter
- Certificates and public thank you messages
- Custom partnership tailored to your business's goals

Our Local Impact

- ✓ 490+ local young people supported in the last year
- ✓ 360+ Weekly drop-ins, trips, and mentoring sessions delivered last year
- ✓ 29,000+ Website, Social Media, Magazine and Newsletter views in the last year

Let's Make a Difference Together

We'd love to connect and discuss how we can work together to support our local young people. Please get in touch to arrange a quick chat or request more information.
